

Explore Construction

2 week, full time course

This free training course is for jobseekers and career changers who want to take their first step into the construction industry. The course will be delivered in a fun and practical way through project-based learning and development and you'll learn lots from your amazing trainers.

The course covers:

- Health & Safety in a construction environment
- Preparation for work and employability skills
- Basic plumbing and electrical essential skills
- Rights and responsibilities in the workplace
- Teamwork
- Personal development including searching for and applying for work

We aim to ensure all our students step foot onto a live construction site to gain insight and experience of the industry.

Course highlights:

- Introduction to skills required to work in the construction industry
- Expand existing skills and knowledge
- Increased employment potential
- Access to live construction sites

Results:

- CSCS card
- Site ready, with some basic construction skills
- Ready to apply for a job in the construction sector

We are working with Urban&Civic, Master Developers of Alconbury Weald, and a large network of employers to deliver this course and therefore the employment opportunities are there for the taking.
